The Boat

Aura 51 marks a new stage in the evolution in multihull world.

A new Deck design that's easier to move around.

The deck layout of the Aura 51, which has been completely redesigned, marks a new era for the Fountaine Pajot range and provides more space and comfort. A great new feature for this beautiful 51-foot cruising catamaran is its complete opening between the saloon and the cockpit. An innovation that facilitates communication between the galley and the large cockpit table, and which will offer you an even greater feeling of freedom and space, characteristic of the Fountaine Pajot range.
